

## Competitive Financing for Packaging Equipment

Let CapX help you acquire new or used equipment for your business today!

### **Packaging Industry: Unique Program Offering**

Find out how CapX can help you acquire equipment to increase your profitability! The packaging industry is unique: great equipment and knowledgeable business owners and that combination should be rewarded with custom and competitive financing. CapX has the financing solution you need.

**Custom Financing:** We extend a free consultation to ensure the finance solution fits your unique situation - this includes competitive and flexible financing for a wide range of credits, from the strongest to those with a story or limited time in business.

**Finance 100% of Your Equipment Solution:** Equipment plus installation, shipping and taxes all financed in an easy monthly payment. In addition, you can always do easy upgrades when technology changes. Let the equipment pay for itself!

**Pre-Funding Available:** We make the finance process easy for the equipment vendor and for the equipment purchaser. We can handle the vendor-required deposits before the equipment ships. Let us help you overcome budget constraints.

**Complete Finance Provider:** CapX has financing programs available for any type of business equipment that your company needs, not just packaging equipment. If you need computers, software, office furniture, or other new or used business equipment, we can help you acquire what you need to be more productive and profitable!

**Application-Only to \$150,000:** Our streamlined process makes financing quick and simple without a lot of financial data - this let's you get your equipment even quicker!

**Lower the True Cost of Ownership:** We can put together a finance agreement that lets you take advantage of the Section 179 tax deduction. You can enjoy up to \$125,000 in tax deductions for 2007, while only investing one or two finance payments this year!
